

Nokia Maps From Device to Desktop

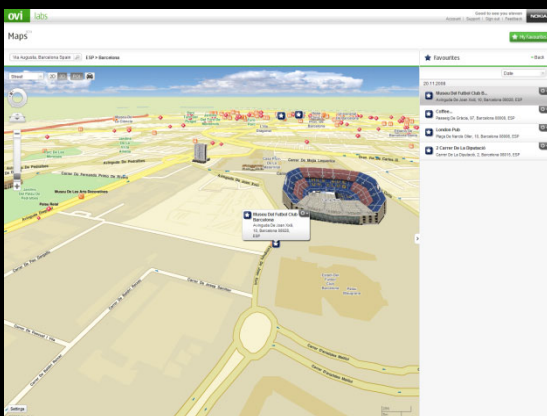

Drive with safety – Car Navigation and real-time Traffic

Safety spot and speed camera warners, speed limit information, lane assistance and route overview available during navigation. You can now search during navigation and add new stopovers to the route dynamically.

Walk anywhere to – Pedestrian Navigation with smart features

Straight-line from A to B navigation through off-road terrain. In a city, Walk guides you through pedestrian streets, car-free zones or pathways through parks. In selected devices Walk utilizes integrated compass for better orientation.

Explore and extend Maps 3.0 mobile maps experience with Ovi Maps

Ovi Maps will become more than just a mapping tool: it will be a social location-networking platform, enabling you to save and organize places, pre-plan trips, post-edit them, share your location and all your personally and socially meaningful content with friends, inviting them to join your activities and experiences.

Product:

- Whether you are hitting the road driving, exploring the world on foot or traveling to a foreign country Nokia Maps is always with you, at your fingertips, in both familiar and unfamiliar surroundings. Easily find your location, discover what's nearby, search for places, addresses and points of interest, find an optimal route to your destination and let Nokia Maps guide you there with real time turn-by-turn Drive or Walk navigation.
- Nokia Maps 3.0 brings new context-aware & location based services, opening up a new world of possibilities through:
 - Rich 2D, 3D, satellite, hybrid and terrain maps,
 - Easy to use pedestrian navigation with smart features helping pedestrians better orientate in a city or anywhere outdoors,
 - Voice guided car navigation with enhanced safety features, e.g. speed limits,
 - Real time Traffic information and speed camera warners,
 - Current Weather information and forecasts where it matters the most to you,
 - Enriched premium POI content by Lonely Planet, Via Michelin for Travel, and Wcities for Events and Movies.
- Ovi Maps takes the Nokia Maps experience to a completely new dimension by extending the service from your mobile device to the web on your PC desktop.
